

HP iPAQ hx2495 Pocket PC

The versatile HP iPAQ hx2495 Pocket PC delivers performance, connectivity, and enhanced security to suit your business and personal needs.

Common accessories and extended life cycle ensure stability and investment protection.

- Optimal configuration of processor, wireless radios, security solution, memory size and battery size allow you to have the right model for your needs and budget.
 - Accessories are common across all models.
- Microsoft® Windows Mobile™ 5.0 operating system makes your Pocket PC easier than ever to use.
- Persistent storage helps prevent loss of data when battery power is lost.
 - Improved device efficiency that results in more battery life.
 - ActiveSync® 4.0 support offers new features such as the ability to sync pictures in contacts and wirelessly sync over Bluetooth®.
 - Improved partnership wizard allowing for a better synchronization experience.
 - Enhanced security - Compliant with the FIPS 140-2 standard.

Mobilize your digital music, videos, and photos: never be bored.

- Windows Mobile 5.0 software for Pocket PC includes Windows Media® Player 10 Mobile that adds support for technologies such as Universal Serial Bus (USB) 2.0 and enables improved media content organization creating an amazing platform for multimedia devices.
 - Users can easily sync media files from Windows Media Player 10 Mobile to their desktop PC and listen to them on their HP iPAQ hx2000 Pocket PC.
 - Windows Media Player 10 Mobile supports a variety of file formats including Windows

Media Audio, Windows Media Video and MP3.

- Windows Mobile 5.0 software for Pocket PC adds support for USB 2.0 which will enhance file transfer speeds and synchronization of information between PCs and Windows Mobile-based devices.

Advanced wireless capabilities so you stay connected in and out of the office

- Integrated Wi-Fi (802.11b)¹ (on hx2495 and hx2795 models only).
- Integrated Bluetooth® wireless technology for wireless communication with other Bluetooth devices.¹
- Serial IR provides you with an easy method of exchanging data between Serial IR enabled devices.

Enhanced security protection for your wireless connection.

- Full VPN and WEP enhanced security included in the Microsoft OS. A VPN provides enhanced security when accessing your secured information over the Internet.^{1,3} WEP provides 64-bit and 128-bit encryption security for authorized connection and data transfer when connected via Wi-Fi (802.11b).

An advertisement for Martens Farms. The top part features the text 'Martens Farms' in a large, bold, yellow font. Below it, in smaller black text, are the phrases 'Farm Works Software', 'Precision Farming Equipment', and 'Training On-Site, By Phone, or Web'. The bottom part of the ad features a photograph of a laptop and a mobile device. To the right of the photo, the text reads 'Jim & Lorra Martens', '620.585.6761 / 877.585.6761', and 'Inman, KS 123farmworks.com'. The background of the ad is a green field with a blue sky.
